Daily Appeal.

FRIDAY EVENING, NOVEMBER 6.

MORTHERN PARTIES. THEIR POSI-We have just had communication with a citimen of prominence in Tencessee, who, although many instances, to perversion. To pursue the surdently Southern in his feelings, has spent a path of intelligent conduct to the ambiguous sas well as condid in expressing them, and on- so, when the founts as of the great metal and joyed every opportunity of ascertaining the views of the statesman of the North, as well as of the lifeas have been abandoned, when accepted prerectly as it is presible for us to embody them in foregone social state, and man is left to discover this shape—trucking that our people will be propared to most the worst contingency that may arise from a union of too hestile political ele-

As we have said, every opportunity was embraced to acceptain public sentiment, and pre- without compromising what all may admit as wines epinions were but confirmed, vis: that there is no party at the North in favor of pence, fatere. At such a time, crude or precocious except it bring with it recommises; that even the thought, and fervent or premature real, success of the ultra Democracy would not bet- indicated in impulse without wise principle, minate the war, unless the South would return and in action without method, in devotion to the to the Union; that the political battles lately immediate, in its aspects of visible failure or State and sational, with their power and patron- prominent in civil and military administration, age; that the difference between the two parties consists only in the fact that the Abolitionists are for extreme measures -- confiscation, emancipotion, plander, etc., -and what is known as the worldly, the reflective as times, the deliberate as peace party for the Constitution and laws, and disloyal, and those who regard men as agents. for the war until the rebellion is put down and more instruments, whose fitness or qualifications the Union restored." No single voice is mised for penes on the basis of separation. Gov. SEY- saits which promote or retard the general weal means, of New York, and the politicians of his in field or council, as captions croakers, school do not come up to the standard of peace whose example is demoralizing the spirit only upon terms of one government, one consti- of the country. Admitting the difficulties tabling, stor and they flatter themselves that if of the time, difficulties which may put the judgferrarion of national affairs, the people of the al duties of patriotism to be plain. To croste Confederate States will be content to stop fight- for ourselves an independent nationality, by the ing, lay down their arms, and submit to Demo- employment of all our resources of energy and gratic rule, under which every right would be skill, is our precent and first duty. To this

As an evidence of the general prevalence of this sentiment, reference was made to the fact consideration merely personal should be suborthat the conscript law, with all the other harsh dinate. While to this our substance should be measures imagurated by Lincoln and his par- surrendered, all feelings merely personal, to experience thans, have been enforced, or rather acquiesced ward men, whether of admiration or its opposits, in quintly, and yet there has been no revalution whether superinduced by interest or prejudices, among the people, even to a peaceable one at or anything entitle of merit or demerit the ballot-box. Thus far in the recent elections should be made to defer. For this enmittee the power and patronage of the Abolition Adand friendships for those in command about described the power and patronage of the Abolition Adand friendships for those in command about described to the bound the bound to be bound to everywhere. "Such also," said our friend, a common, hearty, conscientions support, withwill be the result of the Presidential election in out the warping influences of fear, favor, or 1864; if one is held, the Republican cardidate affection. Our patrictic duty, like our religious, street was a lumerous man, food of a] se and a party will be elected, and the signs are that Lancotte which it very much resembles, should be one of of social friends; but you can remark that the fundamental property is the standard of social friends; but you can remark that the fundamental property is the standard of social friends; but you can remark that the fundamental property is the standard of social friends; but you can remark that the fundamental property is the standard of social friends; but you can remark that the fundamental property is the standard of social friends.

Another opinion was deliberately expressed - duties of patriotism thus understood, we conthat it is better for the Sguth that the Republicative to be the mission of the press. The mispropose terms for a restoration to which the duty in the premises, and susport the arms of for the old flag "than even the Republicans, mains to it. If results, or want of hem, should be made to another was a less who has accident and in all was measures they would have the aid intelligently indicate errors of political adminand en-operation of the Abelition masses, whose intration, or general incompetency in those hatred of the South and its institutions far ax- charged with the command of our armies, let florments of public plunder at will.

Southern valor and Southern endurance, our with dignified impartiality and framess in the friend is convinced, must work out the problem after as may be needed to give effect to the of the struggle now going on. There is nothing mission which has been confided to it to be hoped for from any great portion of the by the Government and equatry, and the Burthern people, so far as would be observed. great cause which absorbs all hearts. Brocy Federal military encous but increased the It may happen when the aspects of danger confidence of all that the rebellion would some are threatening or immediate, or unauticipated be crusted; and many of the leading politicians directors befull our arms, an excited solicitude Bold to the General G were ment, so confident immediately responsible, or these in authority, are liber of ultimate success in subjugating the which may be met in a spirit of fierce rotal ation
